OUR STORY

HOW WE STARTED OUR JOURNEY TOWARDS INNOVATION

OUR BEGINING

Skoder Technologies is the latest frontier of the new era of technology. We have a brief history behind its birth. Skoder Technologies was first launched in 2018 from a technological passion of a young team. Our leaders thought to make a difference to the world with advanced technologies.

OUR JOURNEY

Our journey foster the individual growth of all of our employees, and we are proud to help transform our people into the future leaders of the software industry. We feature a highly experienced team of managers and diverse creative and technical teams who strongly believe in providing the utmost quality to all our clients.

A large, abstract teal shape in the bottom right corner of the page, resembling a stylized wave or a modern logo element.

MISSION & VISION

HOW WE STARTED OUR JOURNEY TOWARDS INNOVATION

MISSION

We dare to solve the triangle problem of Quality – Cost – Time with the most skilled and empowered resources

VISION

Our mission is to dream of a Digital Bangladesh to be known as the highest growing economy of Technology Solutions with thousands of Unicorns

GROW TOGETHER

HOW WE HELP STARTUPS AND BUSINESS AND GROW TOGETHER WITH COLLABORATION

ONLINE PRESENCE

Whether it is business or education, your online presence became the first impression about you!

EASY MANAGEMENT

Management with tons of files is always disturbing. Are you ready for a smooth error-free digital management system?

ACCESS TO INFORMATION

You get it, whenever or wherever you want it. We know how important your information is. Bring all of your files from desk to cloud.

PLATFORMS

We have advance platforms to satisfy your very technological needs for your existing and new business

SKODER LAB

THE BEGINNING OF INVENTION AND INNOVATION

Skoder Lab plans to shape your idea into a business model using advanced technology. By analyzing the current market, people and the systems involved, our Technical Experts give you the best model in terms of feasibility, scalability and adaptability with the real data. Our AI experts are specially qualified to test the model to measure its effectiveness. Even we can predict a future scenario of your venture that helps you to foresee the upcoming challenges.

SKODER DEV

WHERE IDEA COMES INTO A TECH PRODUCT

A team of skilled and creative developers who can automate all of your needs. We care for the satisfaction of our clients and even can create an entire new product based on given requirements. Our team mostly focuses on system accuracy, time and space complexity. We can provide the best service to our clients at a very effective price. Our expert team can handle a project from the design phase to the development phase.

SKODER STUDIO

CREATING STORIES ABOUT INNOVATION

In the competitive world in order to make your business stand out before others you need great branding tools like logo or visual that will give your brand a great image in the market. Our expert designers create the perfect visuals you need for the brand image by exploring your visions and objectives thoroughly. From logo to motion graphics, everything you we are ready to offer the perfect packaging for your business.

SKODER STORE

ONE PLACE TO SOLVE YOUR BUSINESS NEEDS

This is a team of skilled and creative developers who can automate all of your needs. We outmost care for the satisfaction of our clients and even can create an entire new store based on given requirements. Our team mostly focus on e-commerce front, e-commerce system and advance store management. We provide the best online store experience to our clients. Our expert team experience handle an e-commerce building from scratch to final design.

SKODER MEDIA

SPREADS THE RAY OF INNOVATION AND INVENTION

A magazine designed to inspire people to tread on the path of their passion, to broaden the vision, to introduce the latest technology to the people. Skoder media cherishes the success stories of innovative ideas, who never give up on their desire to do something different. It also works as an excellent advertising platform to give the best outcome to your vision.

SKODER VENTURE

BUILD – CONNECT – GROW REVOLUTION OF STARTUPS

Skoder venture helps you to collaborate with numerous investors, sponsors and distributors to give you a proper guideline according to your mission and your set goals. Skoder Venture analyze the market perfectly to launch your product in the most cost-effective way. It will make co ordination of different distribution channels to get seamless service.

SKODER REMOTE

INOVATORS AND SKILLED PEOPLE GROW TOGETHER

It is an online workspace which enables the Skoder team to operate remotely as per the necessity to ensure the convenience and betterment of its clients. The platform helps us to monitor the company with complete trust and integrity. Our own team will work in their own convince to give our clients best service possible. our clients will h understand our work culture In their own convince.

SKODER ACADEMY

INNOVATION WISDOM TO LEARN FROM EXPERTS GUIDENCE

Our innovation academy give you set of courses like Entrepreneurship, Skill Development and Growth Strategies so that you can be self-dependent and groom you to be able to give your idea a complete shape. We are also arranging entrepreneurial courses to give you an idea about the challenges of the industry and how you face it and prepare yourself as a confident leader.
